An Advertisement

|| in the Directory is as necessary as the sign before your place of business. It keeps your name before the buying public.

The City Directory

|| is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best buyers' guide on earth. A modern, up-to-date method of getting what you want
